Vrs1

My heart is beating, because of You
Life is changing, from all You do
Can't hide it, this fire burning in my soul
I won't fight it, Your love it makes me whole

Chrs

We all fall down, in the presence of the One
The one and only Son
We all fall down, lift us up today, carry us away

Vrs2

This air I'm breathing, gives me life
All I believe in, I know it's right
Can't hide it, this fire burning in my soul
I won't fight it, Your love it makes me whole

Chrs

We all fall down, in the presence of the One
The one and only Son
We all fall down, lift us up today, carry us away

Bridge

We feel You, breaking through
We tremble cause You are near
Celebrate giving You our praise
It's enough to know You are here, Lord You are here
