words and music by Jeff and Harmony Foss BMI

Vrs1

You made green for those eyes, o how they sparkle when the suns just right
In a field of yellow and blue, clothed in love created by You

Chrs

I love to see Your colors, and your beauty
Your glorious face shine for all to see
I love to feel the passion, of Your tender heart
When you paint the sky You put a smile on me, I love to see Your colors

Vrs2

There's a red in the fire, It burns so bright in hearts of desire
You made love white as snow, pure as gold rich is my soul

Chrs

I love to see Your colors, and your beauty
Your glorious face shine for all to see
I love to feel the passion, of Your tender heart
When you paint the sky You put a smile on me, I love to see Your colors

Brd

You taught me how to feel, showed me that Your love is real
When I spend time with You, Your radiance shines through

Chrs x2
