

## GRACE AND MERCY

digitaltrim Music BMI 2008  
Words and music by Jeff and Harmony Foss

i'll praise you,            my lips will shout with joy  
when i praise you

you give me grace and mercy  
you give me grace and mercy

you give me hope,        you set my heart on fire  
you heal my soul

you give me grace and mercy  
you give me grace and mercy            x2

and when i come before you, you give me hope, you give me strength  
to carry on, and live my life before you, cause you are love

you give me grace and mercy  
you give me grace and mercy

you saved me,            you gave your life and blood  
you rescued me

you give me grace and mercy  
you give me grace and mercy            x4
